RIVERBEND

MATH CIRCLES

AT NOTRE DAME

SPRING 2027

Feb 1 - April 26

Mondays 5 - 6pm

ABOUT

Math Circles are programs designed for students who love math and want a challenge. There are four different groups, based on age:

Birman Math Circle
Typical Ages: 4-5 years old

Galois Math Circle
Typical Ages: 1st - 2nd grade

Germain Math Circle
Typical Ages: 3rd - 5th grade

Wiles Math Circle
Typical Ages: 6th - 12th grade

Students engage in mathematical activities, investigations, and games that are easy to start (low threshold) and offer opportunities to explore deeper, more complex ideas (high ceiling) in a fun, supportive environment.
